Good Afternoon Dave -

Any word from Linda? Our drop dead date to hear from Linda is Tues Sept 1, 2015.

If we do not hear from Linda what do you think is our next step? a, b, c

Are we ready to secure the portal & window?

Let me know what you think thx-lah

Leslie,

I have not heard anything from Linda. The letter went out certified mail, and the receipt came back to us, so we do know she at least got the letter. I'll let you know if we hear anything.

David Herron

Leslie,

We received a letter from Linda Muir last week, and I followed it up with a phone call and lengthy discussion with Linda Muir. Per our conversation with Linda Muir, the Forest agreed to design and construct a gate over the adit portal and window, and thereby close the adit and adit window to casual public visitation.

The Forest Service has a national mine closure team which agreed to do all the needed design and construction work. They hope to do the actual closure later this fall, probably in early November. If weather or scheduling don't cooperate, the closure might get pushed back to next summer, when the site is truck-accessible and following high-water flows in the adjacent stream.

Let me know if you have any questions or concerns.

David Herron
